

# *The Foundation for Children with Leukemia LÖSEV life Certificate*

*Dear Guests,*

*200 pounds of food goes to garbage every day at our hotel.*

*We, on the other hand, strive to leave a better environment and future for our children. Therefore we wanted to let you know about this specific invitation by means of a certificate of LÖSEV Foundation for Children with Leukemia and thus to contribute to the happiness of one more child.*

*As the Atlantis family we thank you for avoiding food waste and joining our effort in this direction.*

*Friend of the heart donated to LÖSEV in your name,  
thus giving hope of life to our children*

*Dr. Üstün EZER, MD  
Chairman of LÖSEV Executive Board*
